Profile

As a front end developer, I have expertise in front-end technologies, allowing me to create dynamic and responsive web applications.

Education

BCA, SPS College

2023 Jul – present
Atkot

Skills

- HTML5
- CSS3
- Media Query
- Tailwind CSS
- Bootstrap
- JavaScript
- React

Projects

<http://tubedcourtyard.in/>, *Tubed Courtyard Restaurant*

I developed a static website for Tubed Courtyard Restaurant, focusing on an engaging and visually appealing design.

<https://fanciful-pony-9d086e.netlify.app/>, *Portfolio Website*

I developed a portfolio website to showcase my projects and skills in web development, featuring clean design and easy navigation.

Experience

Front End Developer, *Expaners Technology*

2024 May – 2024 Aug
Rajkot, India

I recently completed a four-month internship at Expaners Technology, where I gained hands-on experience in web development. During this time, I worked on a live project for Tubed Courtyard Restaurant, improving my skills in creating practical solutions for real clients. This internship has strengthened my technical foundation and problem-solving abilities.

Co-ordinator, *Red & White Multimedia Education*

Rajkot, India

As a coordinator, I have to solve students errors and manage everything in the lab and institute.

Courses

Full Stack Development, *Red & White Multimedia Education*

2023 Oct – present
Rajkot, India
